Dear Art:

I can't begin to tell you how much I enjoyed last Friday's visit with you and your staff. PI has come a long way, and those of us who have fought the good fight for all these years can well enjoy a sense of being both right and vindicated.

And the so richly deserved recognition you have finally obtained! It is a tribute to you, to Civil Service, to professionalism, and to devotion.

I dug out my remarks of 1952 on PI and am enclosing a copy. I think you'll get a kick out of it, as well as an early set of remarks on image evaluation, and a couple of other papers.

The two posters we discussed are enclosed. I expect to see them mounted on your wall by my next visit.

The R. V. Jones paper we discussed is enclosed as well.

Sincerely,

Aron H. Katz
